Dear Ema:

What this world needs are more people who specialize in giving! You have certainly mastered this quality and CASHh has been the grateful recipient of your kindness and generosity. Thank you so much for adding an exciting spirit to our cause.

It was so nice to meet you and your effervescent personality is much taller than you. Our volunteers were thrilled to be here when you dropped in. Thank you for making our day. The donation is amazing and will certainly be a big part in making a difference. We appreciate your offer to help should we encounter a language barrier with patients. That is another apple to put on our tree of services.

CASHh knew when we started 9 years ago that there was a need to continue caring in a practical way; however, little did we know how many depend on us and our growth is faster than we ever anticipated. Your kindness makes this happen! To date we are servicing over 900 patients in a realistic way. Bob Hope once said: "if you haven't got any charity in your heart, you have the worse kind of heart trouble." We know that Ema has a very healthy heart!

Thanks again for your special gift. All the best for good health and continued success.

Warm regards,

Sheila Smith,
Executive Director.
