Dear Mrs. Dantas,

The Guatemalan Canadian Association, ASOQUATE, is writing to you to express our gratitude for your donation consisting of school supplies. Please extend this thanks to all those ones that participated in this effort.

We are certain that our joined effort here in Canada will be greatly appreciated by those in Guatemala that will be benefiting with this donation. Although we recognized that there is always more that could be done, our goal of helping a small group of children that are in deep need, will be achieved.

Thank for your ongoing support. Your donation give us the courage to continue with our effort to support education in Guatemala.

We look forward to continue to strive towards our community development work in the near future, knowing that we have the awesome support of people like you.

Thanks again, and we look forward to continue to be in touch.
